SUSANNA SPANN

Susanna is a watercolorist who uses the glaze method - layering paint until the desired color and intensity is achieved. Some of her glazes are 20 layers thick. She is nationally known for her paintings of crystal or glass and there is an ethereal texture apparent in most of her works.
She resides in Bradenton, FL, is on the faculty at Ringling School of Art and Design, and her works have been published in The Artist Magazine and others.

PRESIDENT'S LETTER

We were smiled upon again for our Under the Oaks show. The weather was perfect, the crowds were unbelievable and all of you rolled up your sleeves and went to work. Mary Smith, Oaks Chairman has thanked here committee, but all of us must thank Mary and her Co-Chair Sue Dinenno for doing a terrific job. This job is a great deal of work and very time consuming and we thank these two hard working ladies for all that they have done.
With summer coming up, Audrey will be getting many requests for people to teach various subjects. If you are available and are interested in teaching, let Audrey know. We especially get requests for someone to teach children. There seems to be a real need in this area. Once again, let Audrey know if you are available.
This coming September, we will have our Members Juried Show. This show will be open to Art Club Members only. The judge will be George Bolge, director of the Boca Raton Art Museum. The show will be juried through slides. You may submit up to three slides for $20.00. The application will be available the first of next month. The show will be in the Florida Gallery from September 21, 2002 till November 17, 2002. So now is the time to get ready to submit your entry.
